### Greetings from Salt Spring Island

This is the winter that is eluding us: we have been pulling weeds on sunny days; the robins are out pulling worms; and the power hasn't yet gone out. Nonetheless, we have been enjoying the wood fire on rainy and cool days while spinning, weaving, fusing, knitting, stitching and whatever else we have been doing creatively. We wish you peace, well being and time made for your creative endeavors in 2003.

### Silkster's Gallery

We have a new gallery of stunning pieces on our website. Please take the time to have a look: <u>www.treenwaysilks.com</u> under Silkster's Gallery. **Congratulations** to all for such inspiring work.

- Sharon Broadley from Manila, Philippines, used silk fusion to make a series of brilliant masks for an art exhibit with a Fiesta theme.
- Su Butler from Woodstock, Illinois, designed her own Single Three-Tie Unit Structure to weave a show-stopping scarf.
- Johanne Byskov from Saanichton, British Columbia, used silk fusion to weave an award winning basket at the Convergence exhibit, Down to the Sea Again.
- Bev Lillyman from Salt Spring Island, British Columbia, wove table runners, hand painted on the loom, to resemble ikat for a unique look.
- **Camille Nelson** of San Luis Obispo, California, wove an exquisite piece of Damask with a pattern inspired by a Lao "naga" motif seen many times during our journey to Laos together in 2000.

Becky Simon from Champaign,

Illinois, used silk fusion to make a series of stunning boxes.

- Helen Summers of Placitas, New Mexico, won the Wearable Award in the Fort Collins, CO, Fiber Celebration 2002, for her dress which combines handwoven cloth with shibori.
- Mary Vanderwerp from Duluth, Minnesota, wove two 8 shaft turned twill silk scarves that keep your eye moving to take in all the wonderful colour play.
- Margo Wilber of Ontonagon, Michigan, used silk fibre and lots of machine stitching on water soluble material which she dissolved to make a vest.

### Silk Fusion Video

We are proud to announce that our video has won two awards: **The Communicator Award of Distinction** and the **Aegis Award**. The price is \$55.50 Cdn (approx. \$39.95 US).

We are currently offering a special promotion to all Guilds. Our Silk Fusion Study Group Package includes

a Silk Fusion Video, one set of instructions and enough silk fibre and textile medium for 10-15 participants to each make a purse, box, book cover, greeting cards etc.

We mailed this promotion to over 600 guilds listed on the HGA web site. Many of those letters were returned to us because the address was no longer current. If your guild is interested,

#### Newsletter on our Web Site

We are now posting the newsletter on our website. This means many of you who live rurally or have slower computers will be able to read our newsletter without having to download it on your email. We will send everyone an email message when the new newsletter is posted.

Thank you to those of you who have made the switch to email. We still urge everyone else to give us your email address to help save trees and postage. Make the change at silk@treenwaysilks.com.

### 32/2 Silk / Yak Yarn 55%/45%

China produced this exotic blend with a distinguished colour just for us; it took two years in the making but the yarn is wonderful. It is a natural brown/grey colour reminiscent of a wild animal like a wolf. The hand is soft yet with substance. The first time we saw a yak in Bhutan, we were amazed at how short they were. They are very shaggy like Highland cattle and sturdily built for grazing in the Himalayan Mountains. It is the soft underbelly fur that is used in our blend.

Woven with itself, the silk/yak gives a nice light jacket or skirt weight fabric in a timeless, sophisticated natural colour. Combined with our 28/2 silk/cashmere it is as light and soft as goose down feathers with a light colouring to suit the hand of the fabric. Mixed with our 60/4 silk/wool blend yields another light jacket or skirt weight fabric.

Using black **30/2 silk** as the weft resulted in a fabric for a sophisticated man's scarf. Combined with our other new blend of **silk/camel**, the hand is nice for clothing and has a colour that hums a quiet elegance. We used a sett of 36 epi for a twill weave for all the above combinations.

Can you tell we are excited about this new blend? The silk/yak skeins weigh approximately 100g

(3.5oz) and have 7600 yd/lb (15,280 m/kg). The price is \$95.45/lb or \$210.00/kg Cdn (approx. \$70.70/16 US). New Colour Sample Card

In August we added 26 new colours to our palette for a total of 100 delicious hues. The sample card of the new colours is \$2. You can also see them on our web site, by clicking on the Silk Products. Yarns.

We have named all 100 colours! You will find Mermaid Tears, Ice Poppy, Silk Pyjamas, Captain Olive etc. adding even more life to our vivid spectrum (see our web cita)

### New Fibre Sample Card

Last newsletter we announced two new fibres: cocoon strippings and throwster's waste. We have made a small sample card containing the A1 Bombyx sliver, the cocoon strippings, throwster's waste and silk/wool fibre.

For those of you that have the other fibre samples, you can request this card free of charge. For those of you that would like a sample of all of our silk spinning fibres the cost of the sample card is \$4.

### 30/2 Silk/Camel Yarn 55%/45%

China also produced this mixture for us. The colour is naturally a warm camel beige with a soft hand. I had known for many years that the under down of the camel was used in making yarn yet, when I met my first camel to touch and ride upon, it seemed impossible such placid softness could be yielded by this creature.

With a silk/camel warp we crossed it with the following: silk/ camel for a sumptuous fabric; 120/8 tussah silk for a soft and lovely colour and a firm hand due to the 4 plies of the tussah yarn; 28/2 silk/ **cashmere** for a soft and drapey cloth; 30/2 silk for a beautiful clothing fabric; and 32/2 silk/yak for an elegant cloth for fabric. We used a sett of 36 epi for a twill weave for all the above combinations.

The skeins weigh approximately 100g (3.5oz) and have 7400 yd/lb (14,880 m/kg). The price is \$98.50/lb or \$217.00/kg Cdn (approx. \$73.00/lb US).

### A1 Bombyx Silk Sliver (white)

Sliver is composed of fibres that have been carded and combed. With silk, where some of the pre-treated fibres are many yards long, the degummed fibre is first cut into manageable lengths of 8-12 inches. The silk at this point looks dull and ratty containing much debris. The carding begins to lay all the fibres parallel, which brings up the sheen but there are still lumps or noils attached to the fibres. After combing, the transformation is complete to make a beautiful, smooth and lustrous roving of silk fibre.

This is the same fibre used to make the Bombyx bricks. The fibre length is 5-6 inches. The width of the fibres is about 2 inches in the bricks and is called tops, the width of the sliver is  $\frac{1}{2}$  inch.

The sliver is for those of you who like to work with a thinner amount of fibre in your spinning or fusion. It is available in 100 g (3.5 oz) packages. The cost is \$13.65/pkg. See our Specials for 15% off! We have our finest yarn, 120/2, now put up on

cones of 500g (1.1lb) as well as 100g skeins. Each cone has approx. 30,175 yd. The price per cone (the same as the skeins) is \$106.50 Cdn (\$78.88 US).

### Ashford's Needle Felting Books & Kits

Needle felting has gained much popularity these past few years. The process is very simple and the materials required are few and easily transported so you can "felt" whenever you have a few minutes.

### The Process

The felting needle is a special sharp needle with little barbs along the sides. When you push the needle into wool sliver, the fibres compress together. The barbs on the needle point in one direction only, so when you lift the needle out the fibres stay down.

To get the hang of it, take a 1 yard length of sliver. Open the fibres out a little along the length of the sliver. Wind the sliver into a ball. Take the needle and punch the surface of the fibres. Be careful to keep fingers well away from the needle. Rotate the ball so you are punching the whole surface. Continue until you are happy with the feel of your piece. It is that simple! Of course there is much more that you can do with this process.

This book contains two needles and directions for making a friendly monster. There are inspirational pictures of other 3 dimensional projects as well as flat pictorial pieces. \$8.25 Cdn (6.00 US).

### Package of Wool Sliver

We have put together a package of 120 gm of a variety of colours for you to make 1 or 2 little monsters, depending on the size. \$8.75 Cdn (\$6.50 US)

### Monster Deal!

#### First Project Kit

Includes Needle Felting Book1 and 120gm of wool sliver. Save \$1.00! Cost: \$16.00 Cdn (11.75 US)

In Canada contact your nearest Ashford dealer for any of the needle felting products. Our US customers can contact us directly.

#### Book 2

This book helps you move forward after your first simple project. It introduces you to the Felting Needle Punch which uses 4 needles for guicker results and contains 4 patterns to choose from: Teapot, Rooster, Clown and Bear. These designs are created to make flat pieces for cushions and to be framed, sewn onto a bag and much more.

There are more ideas for other 3 dimensional characters like teddy bears, gnomes and Christmas ornaments. Includes 2 needles.

Cost: \$13.25 Cdn (\$9.75 US)

### Bali Island of the Gods

The Balinese complete awareness and devotion to the spirit - their spirit, as well as the spirit of god, their ancestors, the inner spirit of the world - permeates every being, every object, and even the air in Bali. Like a checkered cloth wrapped around a stone statue with flowers tucked behind the ear; woven palm offering baskets filled with fruit and flowers at every home, office or shop doorway; and people dressed for temple, drums, gongs, trance dance.

I knew the patterns and motifs of the cloth in

Bali were wrought with symbolism of a spiritual nature. I didn't know this same spiritual fullness was carried so thoroughly through daily life.

Our drive from the airport in Denpasar north to Ubud was about 1½ hours. On the way, our driver stopped when we saw a

beautiful procession of men, women and children. The men were playing drums and gongs or carrying tall silkie parasols with tassels or long banners wearing beautiful sarongs of varying textile techniques, white shirts and head cloth. The women wore blouses, sashed at the waist, colourful sarongs of batik, supplementary weft and other techniques, carrying offerings atop their head in brass bowls. The bowls were piled high with fruits and flowers and some transported a small fire atop their heads. Children mimicked the dress of adults and walked along side. It was a stunning site. We asked our driver about the occasion and he replied that as it was not his village or temple he was unsure. That seemed curious be-

cause it was such an elaborate and huge procession.

### Spiritual Life

As we spent time learning of the cloth and way of life, it became clear

2000 State (2005)

why our driver did not have an answer for us. Each community often has its own rituals and celebrations. Despite modern development, villages and sections of towns remain a cohesive religious community organized around the temple complex. Everyone in the congregation partakes in temple rituals and funeral rites as well as contributing labour and materials. The festivals, ceremonies, processions, dances and theatre take place continually and provide great strength for their culture and traditions.

Bali is primarily Hindu while the rest of Indonesia is principally Muslim. Bali's form of Hinduism is a compilation of the original animism of the first ancestors mixed with Hinduism and Buddhism introduced in the 16<sup>th</sup> century from India. The Balinese physical world is permeated by the spirit world. Offerings and rituals honour the deities and ward off evil spirits.

### Alam Jiwa

Our first glimpse of family living was actually our "hotel." It was a partially walled compound entered through a doorway to graceful gardens, pools, a meandering waterway, and a common pavilion with tables, chairs, cushions and books which served as the eating and

meeting place across from a swimming pool. We were greeted with fruit drinks, delivered by sweet young men and women in beautiful traditional dress of sarongs and shirts. Warm smiles and friendly chatter eased us immediately into the Bali pace of life.

A short walk on a cobbled path over the waterway took us to our room. A narrow bridge over a lily pond led to the verandah with netted bed, table and chairs, and into the room with wooden floors and French doors with a view to the rice fields. The sounds were of gently running water, frogs and tropical birds.

Family buildings in villages and cities are laid out similarly. Each building is oriented within the space to please the spirits including the family temple, sleeping and storage pavilions with verandahs for work and socializing, kitchen, toilet and small garden.

life, it became clear Silk Tidings February 2003

### New Season's Fleeces from New Zealand

Rowena tells us this is the second perfect season in a row for growing fleeces. There was no heavy snow and there was enough rain to keep the grass growing which gave the sheep a constant supply of food.

We have ordered a large number of these outstanding fleeces again this year because we always have so many disappointed people who do not get a fleece. **Do not wait to order!** 

The price of the fleeces remains the same as the last two years. The purebred merino and polworth are \$28.80/kg (\$13.10/lb) Cdn (\$9.65/lb US). All other fleeces are \$22.50/kg (\$10.25/lb) Cdn (\$7.50/lb US). There is a maximum order of 1 Gotland fleece per person. There is no limit on the total number of fleeces ordered.

This is what Rowena has to say about this year's choices. Gotland English Leicester

There was also good weather in the far south so the selection of fleeces is huge and the colours are amazing. The colour change along the staple, a key distinction in Gotland lambs wool, is very unusual. Fantastic combinations such as brown, white and grey, light brown and silver brown, white and silver even a toffee brown and grey. Avoid carding too much to blend the colours. Instead, enhance the distinction by carding lightly with a flick carder. Then, when you spin and ply, the yarn will have an unusual "tweed" effect. Forgive the odd thistle as these sheep are very nosy and often poke into corners and come out with prickles in their wool. We did try to find them but it is impossible to spot all of them.

### Perendale

The wool has a special bouncy quality. When we were pushing the fleeces into the bags it was very noticeable, it kept bouncing back out the top of the bags. Allow for this springiness when spinning. Spin a little finer than usual.

#### Meríno

The colour choice this year was greater than usual. Beginners try a Merino X as these fleeces will be more open with a longer staple easier to handle.

### Romney

In New Zealand the Romney is a premier breed. We believe the best in the world! Because we have such a huge choice of fleeces, the few we choose are top quality. Mostly prize winners from the shows. The staples are long and open and the colours are fantastic. So perfect, you can spin straight from the fleece without carding.

### Líncoln

Coloured Lincoln wool is very rare. We have included 5 very special coloured fleeces this year. The flat curvy staple is a unique feature of this wool. Our usual supplier has retired himself and his sheep, so you will notice a change of character in the wool this year. The new farmer lives in a different area and looks for different qualities in the wool, i.e. sheen, length of staple and weight. White fleeces have been included for those who want something really spectacular; they take up the dye really well! These fleeces are superb!

### Corriedale

These fleeces are for the specialist. They have lovely fine fibres and long staples. Flick card only and wash carefully after spinning in hot soapy water.

### Poll Merino

We included these as something completely different. The fibres are short and fine and packed very close together. The fibre has a special bouncy quality as we find in the Perendale. These fleeces do not have a high grease/lanolin content as is typical in the Merino breed. The location of the farm makes a difference. This one is located on an island and the salt spray makes the fibres free and enhances the bounce. We will be interested to discover what you find you can do with this fibre.

## Specials

### Dyed 13mm (½1/2") Silk

### Ríbbon 5yd pkg

Introducing you to the elegance and stunning beauty of this width of our woven silk ribbon dyed in all of our 100 colours.

Use the ribbon as embedded embellishment in silk fusion and to outline squares and rectangles in quilted fusion. Stitchers love it for their work and it makes a beautiful knit trim using 8mm (11US) needles.

For this special there is a minimum order of 5 5yd packages in your choice of any of our 100 colours (see our web site under Silk Products/Ribbons). The regular price, \$6.90/5 yd pkg has been **discounted 20% -** the total price for 5 packages is \$27.60 Cdn (approx \$19.70 US).

### A1 Bombyx Silk Sliver (white)

See the **New Products** section for a detailed description. Our introductory special is **15% off** the regular price of \$13.65 Cdn (\$10.00 US) /100 g (3.5 oz) pkg. **The discounted price is \$11.60/pkg Cdn** 

#### NOTE

- 1. Prices do not include shipping.
- 2. Specials end May 31st, 2003.
- 3. Regular 10% Discount If silk specials are ordered in bulk, totaling over \$150.00 CDN, our normal discount for orders over \$150.00 CDN do not apply.

### Reminders

### Treetops Colour

### Harmonies

Variegated silk tops in luscious colourways are used by spinners and silk fusers. Go to The Silkster's Gallery on our website to see some projects made with these beautiful fibres. The colours and prices are listed on our web site under Treetops.

### Handwoven Silk Scarves

### & Shawls from Laos

We continue to receive new and wonderful items from the Nanthavongduangsy family continually. Please see the September 2002 issue of Silk Tidings for details.

### Treenway Silk Scarf Kits We have 6 kits for a variety of

(approx \$8.50 US).

### 20/10 Spun Silk Yarn

We designed this yarn specifically for our knitters. It is creamy soft with an interesting "cord" look. We had our manufacturer take 5 strands of

our most popular 20/2 yarn and ply it together.

It knits beautifully and highlights textured stitches. Bev, our knitter, has knit an overall acorn pattern and

cable design using  $4\frac{1}{2}$  mm (7US) needles with a gauge of 20 sts and 32 rows = 4 inches. Both the acorn pattern and cable have a

wonderful hand.

For weavers, it also combines nicely with other exotic yarns like cashmere, merino and chenille for luscious woven throws, just right to snuggle under with a good book.

The last shipment we received is more tightly twisted than it should be. You can see in the photos of our knit samples that they are still plush, just a little tighter than our usual 20/10. We suggest it is best used with any patterns with cables.

The skeins weigh approx. 300 g (10.5 oz) and have 950 yd/lb (1,900 m/kg). We have **discounted this yarn 40% -** from \$98.50/lb to \$59.10/lb or
